

About Stolz Engineering

Specialist in Cooling tower, Pump, Liquid Desiccant De-humidifier, Valve and Actuator Technologies

Industry analysts say Stolz is "unique in the industry." Our customers says we have an "unorthodox approach." And that's exactly how we want to be known. Unlike the plethora of consulting firms vying for your trust, Stolz truly is different. We actually deliver on time, on budget, every time. Perhaps that is why 95% of our business comes from repeat customers, and that is the greatest assurance you could ever receive.

Our unique mentoring engagement model has certainly helped put Stolz on the map, winning industry projects that might typically be passed on to the "big name" firms.

From factory assembled systems for HVAC applications, to field erected towers for power and industrial operations, Stolz can help you realize greater productivity and efficiency.

Our Products

Cooling Towers

Open circuit evaporative water cooling equipment

Evaporative Fluid Coolers

Water-cooled closed circuit fluid coolers

Evaporative Condensers

Steam or refrigerant evaporative water-cooled condensers

Dry Cooling

Air-cooled condensers, natural draft dry cooling towers and air-cooled heat exchangers

Wet-Dry Hybrid Cooling

Plume abatement and water conservation wet-dry hybrid cooling

Pumps

Vertical-In-line Centrifugal pumps for utilities and processes

De-humidifiers

Liquid Desiccant De-humidifiers for air control

Belimo

Best customized solutions in HVAC industry to cover all your needs

STOLZ offers services to help you improve processes, reduce downtime, and decrease expenses.

Our Services

Thermal Performance Testing

Steps for thermal performance field certification and site preparation

Rental Cooling Towers

We deliver rental, emergency, or supplemental cooling towers and services quickly, without interrupting production

Reconstruction

Our reconstruction experts work to make old towers as good as new

Productivity Audits

Our experts analyze your operations and make cost-saving recommendations

Cold Water Outsourcing

We provide the cold water you need to ensure peak plant performance

Authorised Sole Distributor for:

KATHABAR
Dehumidification Systems

BELIMO

Authorised Distributor for:
Valves and Actuators

Best customized solutions in HVAC industry to cover all your needs
